

HyperSync Talent Management Benefits

We build strategic long-term relationships and partnerships. We work to understand your specific resource needs, identify the correct talent and then manage the engagement fully.

-  Sourcing
-  Contracts
-  HR
-  Payroll

Talent Development

HyperSync Talent resources are fully vetted, industry accredited and are encouraged to pursue continuous development in their professional area through our training and development programmes.

© 2019 HyperSync Talent

Bright and motivated talent
to support your business demands

We offer a mix of flexible, customised solutions that are second to none and we have experience and the skilled resources to deliver the level of managed services that you demand.

Recruiting?

We're on the job

Service Initiation

Documenting your resource requirements and resource categories to identify gaps.

Service Review

A governance process to review past performance and predict likely future demands and resources.

Staff Welfare

We do all the resource management and look after HR related issues.

Remuneration Management

Providing resource payroll management for salary, commission, taxes and medical.

Clients use HyperSync Talent for:

- Operating multiple geographical locations.
- Streamlining Workforce business operations.
- Focusing on core business objectives and outsource non-core operations like IT.
- Address critical resource shortages using our managed resource service.
- Projects requiring skills not available in-house.

"Excellent professional service from the HyperSync team reducing our head count with their service opex model and removing the need to source and vet potential staff for our company." - Seamus Loughlin, Head of Business Solutions, Digicel Group

We provide solutions in several types of employment relationships:

Contract-to-Hire

Long and Short-term Projects

Direct Placement

Resourcing Managed Services

Fully Managed Service

"HyperSync currently provides skilled, qualified resources for HPE throughout the USA, LATAM and the Caribbean, they always keep a high standard of talented employees within their resource pool."

Ricardo Hoyos, HPE Director of Partner Services US, LATAM, Caribbean
